Work Experience

Software Engineer

June 2021 - Present

Singapore

Hawksight Global Pte. Ltd

Currently Building a decentralized application that lets users invest in non-custodial, yield-generating indexes. The DApp is built with Web3 and React.js, and runs on both Terra and Solana blockchains. Also in charge of managing our main website that provides trading signals for stocks, forex, and crypto.

Junior Software Engineer

Oct 2019 - June 2021

Pasig City, PH

Workforce Optimizer

Built a progressive web application with React that allows doctors and nurses to create complex surgery schedules based on the availability of equipment and human resources. The app runs on a small RESTful web service that acts as a proxy to the database of the main application.

Web Developer Intern

June 2018 - July 2018

Taguig, PH

Accenture

Overhauled a proprietary online service portal that serves Accenture employees with documents and templates that are reused often. Said portal ran on Java Spring and Hibernate, with Thymeleaf serving the front-end.

Co-Curricular Experience

Front-end Web Developer

2017 - 2019

Quezon City, PH

Talakayang Alay sa Bayan (TALAB) Website Team

Helped build the landing page and enlistment website for TALAB, which is an annual one-day event held by the Loyola Schools. I mostly worked on the information site using Bootstrap and JQuery, although I also maintained and updated the enlistment site for the later iterations of the event.

Product Designer

2017 - 2019

Quezon City, PH

User Experience Society

Served as one of the designers in the Consultancy team of UXS. Working directly with our content strategists and illustrators, I created high-fidelity prototypes on Figma based on our team's research and the client's needs.

Competencies

Web Development: JavaScript / TypeScript (React, Next.js, Gatsby), Web3 (Solana), JavaScript UI Libraries (AntDesign, Bootstrap, React-Components), CSS (SASS, Styled Components)

UX/UI Design: Figma, Adobe Photoshop, Balsamiq

Education

**B.S Computer Science, with a
Specialization in Interactive Multimedia**
Ateneo de Manila University
2015 - 2019
